AU TECHNICAL MANAGEMENT SYSTEM

SYSTEM'S MANUAL GUIDE

ABOUT

Welcome to the Arellano University Technical Management System (AUTMS)

The Arellano University Technical Management System (AUTMS) is a secure and centralized platform designed to ensure the smooth operation, security, and efficiency of the university's technical services. It supports students, faculty, technical staff, and administrators by streamlining the management of user accounts, equipment, and support tickets.

Through AUTMS, users can manage equipment records, and handle ticket creation, assignment, and resolution. The system helps maintain accurate, up-to-date information essential to the daily operations of the university, making technical support faster, more organized, and more accessible for the entire academic community.

HOW TO CREATE ACCOUNT?

CREATE ACCOUNT PAGE

The screenshot shows the 'Accounts Management Page' with a sidebar containing links for Home, Equipment, Accounts, Tickets, and Logout. The main content area features a 'Create New Account' form with fields for Username, Password, and Account (a dropdown menu labeled 'Select Account Type'). There are 'Save' and 'Cancel' buttons at the bottom of the form.

Follow these steps to create a new user account in the system:

1. Click "Create New Account"
 - On the sidebar or account management section, click the "Create New Account" button.
2. You Will Be Directed to the Create Account Page
 - The system will redirect you to the Create Account page where the account setup form is displayed.
3. Fill in the Required Fields
 - Username: Enter the desired username for the new account.
 - Password: Set a secure password.
 - Account Type: Select the appropriate role or access level (e.g., User, Technical, Administrator) from the dropdown menu.
4. Click "Save"
 - Once all fields are filled in correctly, click the "Save" button to create the account.
5. Or Click "Cancel"
 - If you want to discard the process, click the "Cancel" button to return to the previous page without saving.

The first screenshot shows the 'Create New Account' button in the top right corner. The second screenshot shows the form with the Username field filled with 'jenny', the Password field filled with '****', and the Account dropdown menu set to 'Administrator'. A mouse cursor is pointing at the 'Save' button. The third screenshot shows the same form with the 'Save' button highlighted by a mouse cursor.

HOW TO UPDATE ACCOUNT?

UPDATE ACCOUNT PAGE

Follow these steps to update an existing user account in the system:

1. Click the "Update" Button
 - In the account list or user management section, locate the account you want to modify and click the "Update" button next to it.
2. You Will Be Directed to the Update Account Page
 - The system will redirect you to the Update Account page where you can modify account details.
3. Update the Desired Information
 - Password: Enter a new password if needed.
 - User Type: Select a different account type/role from the dropdown (e.g., User, Technical, Admin).
 - Status: Change the account status (e.g., Active or Inactive).
4. Click "Save"
 - After making changes, click the "Save" button to apply the updates.
5. Or Click "Cancel"
 - To exit without saving changes, click the "Cancel" button to return to the previous page.

HOW TO DELETE ACCOUNT?

DELETE ACCOUNT PAGE

Follow these steps to delete a user account from the system:

1. Click the "Delete" Button

- In the account list table, find the account you wish to remove and click the "Delete" button located next to the "Update" button.

2. A Confirmation Pop-Up Will Appear

- A message will pop up asking, "Are you sure you want to delete this account?"

Delete Account

Are you sure you want to delete this account?

3. Choose an Action

- Click "Delete" to confirm and permanently remove the account.
- Click "Cancel" if you do not wish to proceed with the deletion.

User account 'user2' successfully deleted.

ADMINISTRATOR

HOW TO ASSIGN TICKETS?

ASSIGN TICKETS

The screenshot shows the 'Ticket Management Page' with a sidebar on the left containing links for Home, Equipment, Accounts, and Logout. The main content area displays a table of tickets. A user profile box at the top right shows 'Welcome, admin' and 'Account type: ADMINISTRATOR'. A search bar is located at the top right of the table. The table has columns for Ticket Number, Problem, Date, Time, Status, and Actions. The 'Assign' button in the Actions column for the first three tickets is highlighted with a mouse cursor.

Ticket Number	Problem	Date	Time	Status	Actions
20250419224036	Hardware	2025-04-19	22:40:36	PENDING	Details Assign Approve Delete
20250419223149	Software	2025-04-19	22:31:49	PENDING	Details Assign Approve Delete
20250419221743	Software	2025-04-19	22:17:43	PENDING	Details Assign Approve Delete
20250416200905	Software	2025-04-16	20:09:05	WAITING FOR APPROVAL	Details Assign Approve Delete

Follow these steps to approve ticket:

1. Go to the Ticket Management Page
Find the list of tickets displayed on the page.

2. Click the "Assign" Button
Locate the ticket you want to assign and click the "Assign" button in the Action column.

3. Select a Technical Account
From the dropdown or list, choose the technical account responsible for handling the ticket.

4. Confirm Assignment
Once selected, the ticket status will automatically change from Pending to Ongoing.

The 'Assign Ticket' form displays the ticket details: Ticket Number: 20250419224036, Problem: Hardware, Details: sample problem. It includes a dropdown menu for 'Assign to Technician' with a list of technicians: piona, Ryujin, tech. A mouse cursor is pointing at the 'tech' option. Below the form, there are 'Save' and 'Cancel' buttons. A second screenshot shows the same form with 'tech' selected in the dropdown and the 'Save' button highlighted.

ADMINISTRATOR

HOW TO APPROVE TICKETS?

APPROVE TICKETS

Follow these steps to approve ticket:

1. Ensure the Ticket is Completed
Only tickets marked as Completed by a technical account can be approved.
2. Click the "Approve" Button
In the ticket's Action column, click the "Approve" button for the completed ticket.
3. Confirmation Pop-Up Appears
A message will appear asking: "Are you sure you want to approve this ticket?"
4. Choose an Option
 - Click "Approve" to confirm and approve the ticket.
 - Click "Cancel" if you are not ready to approve it.

HOW TO DELETE TICKETS?

DELETE TICKETS

Follow these steps to delete tickets:

1. Ensure the Ticket is Closed

Only tickets with a Closed status can be deleted.

2. Find the Ticket

Go to the ticket list and locate the ticket you want to delete.

3. Click the "Delete" Button

In the Action column of that ticket, click the "Delete" button.

4. Confirmation Pop-Up Appears

A message will appear saying: "Are you sure you want to delete this ticket?"

5. Choose an Option

- Click "Delete" to confirm and remove the ticket.
- Click "Cancel" to keep the ticket and return to the list.

Ticket #20250408223425 successfully deleted.

HOW TO ADD EQUIPMENT?

ADD EQUIPMENT PAGE

The screenshot shows the 'Ticket Management Page' with a sidebar containing 'Home', 'Equipment', 'Ticket', and 'Logout'. The main content area features a 'Create New Ticket' form with the following fields: 'Ticket Number' (20250419223032), 'Problem Type' (Select Problem Type), and 'Problem Details' (empty text area). At the bottom of the form are 'Save' and 'Cancel' buttons.

Follow these steps to add new ticket to the system:

1. Go to the Ticket Management Page
Navigate to the Ticket Management section of the system.

2. Click the "Add Ticket" Button
Click the "Add Ticket" or "Create Ticket" button to open the ticket form.

3. Fill in the Ticket Details
Provide the required information:
Select problem type and also the details of the problem

4. Submit the Ticket
Click "Save" to submit the ticket or "Cancel" to discard it.
